BLOW - DRY SPECIALIST

"Healthy hair starts at the scalp. That's where I start too."

I'm Filipina, eight years doing hair here in the UAE. What I love most is the part most people skip: the scalp. Get that right and everything above it behaves. I do a lot of smoothing treatments and a lot of long hair, and I'll always tell you honestly what your hair needs, even when the honest answer is that it needs less, not more.

SPECIALISES IN

- Scalp Treatments & Hair Health
- Keratin & Smoothing Treatments
- Blow-dry: Long and Extra-Long Hair
- Colour-Lock & Fine Hair Treatments

BEST FOR

- Clients whose hair isn't behaving and want to know why, not just cover it up

THE VIBE

- Friendly
- Gentle
- Honest

You'll love me if...

You've been told your hair is "just like that" and you don't quite believe it.

What matters most to me...

That your hair is in better condition next time you come in than it is today.

In my chair you can...

Ask me anything about your hair. You'll get a straight answer.

Hazel did the blow-dry so nicely, and **I really appreciated that she didn't use high heat.** She was very gentle with my hair. I always recommend getting a consultation before doing anything with your hair. The staff were all so lovely and friendly. I'll definitely visit again!

Even with everything going on around, my visit felt safe and comfortable. :)❤️
