Ibrahim is a magician! I went to him for **correction** of a bad color job at a different salon. He patiently explained how he can fix it, **made it sound super easy** (this was my second attempt at correction), and only suggested the minimal required processes. I was absolutely delighted with the results, and was even more pleasantly surprised by the cost. He really only did what was necessary without trying to rack up the cost. My hair now looks **healthy and natural**, which is what I always wanted. **Thank you Ibrahim! Looking forward to more!**
