Sania

SENIOR BEAUTY THERAPIST

"Trust me with your treatment and I'll make sure you leave happy, confident and completely satisfied with the result."

From Pakistan, with fourteen years here in the UAE as an all-round beauty therapist. What I love most is seeing a client leave with a big smile and hearing that she loves the result; that's what keeps me improving. The best feeling is when clients trust my skills, appreciate the effort, and come back to me again and again. Their happiness is the biggest motivation behind my work.

"Sania is absolutely amazing! I've been going to her for the last few months for eyebrows threading and she has always done such an incredible job. She always takes her time and I always leave with my eyebrows clean and shaped very well. I highly recommend her!"
