*“Thirteen years in, and still
studying hair like it's **day one**.”*

I'm from **Ukraine**, and I've been doing hair for thirteen years, eleven of them here in the UAE. When I'm not in the salon you'll find me at the gym, out running, rescuing cats, or deep in the latest hair education. I don't stand still.

I've been doing my hair with **Kate** for few months now and I've been totally happy with the results. She has great technique in **balayage** and hair colouring and offered me advice for the best results. I've always gotten compliments for my hair and I absolutely love it. **Totally recommend!**
