STYLE DIRECTOR

*“The bob, done properly, and natural colour that looks **quietly expensive**.”*

My passion is the bob, the most elegant cut in all its versions, paired with soft micro-highlights for a natural look. I love volume and a bouncy blow-dry. I work beautifully with soft, elegant looks and with fantasy colour.

I visited **Lucy** for a hydration treatment, color, and cut. The change was spectacular! I went in with lifeless hair and left with a gorgeous mane. Now I'll take care of it exactly as she recommended.

Thank you so much, Lucy, I'm thrilled!
